

## **Fellowship in Liver Transplant & HPB Surgery**

- 1) Scope of the fellowship: Aim of this fellowship is to provide knowledge and expertise in Liver transplant and HPB surgeries to fellows.
  - a) Academics of the Department: Fellows will have to present/attend weekly academic sessions at hospital levels which includes Journal Club, Topic reviews and multi-Disciplinary meeting attended by Hepatology, Critical Care and Anaesthesia team.
  - b) Research in the Department: We will be having immense research opportunities in Liver Transplant surgery department individually and along with Hepatology, Critical Care and Anaesthesia team. They will also be a part of ongoing research projects in the department. They will be given opportunity to present the same data in the national/International meetings.
  - c) Clinical Skill Development/Curriculum of the Fellowship: During tenure of fellowship, fellows will be asked to participate actively in the management of liver transplant/HPB patients as
    - i) To be an active part of Liver transplant/HPB surgery OPD
    - ii) To evaluate Liver Transplant recipient for indication and fitness preoperatively
    - iii) To evaluate Live Liver donor for eligibility and fitness.
    - iv) Operative exposure in Deceased donor organ retrieval, Live donor Liver transplant surgery (Adult/Paediatric). Also they will be part of management of Complex HPB Surgeries (Benign/Malignant).
    - v) Postoperative monitoring and care of LT recipient and Live donors in ICU and ward.
    - vi) To take part in post-transplant follow up OPD
- 2) Eligibility & Selection criteria for the fellowship:
  - i) Eligibility: MS/DNB (General Surgery), MCH/DNB (Surgical Gastroenterology)
  - ii) Selection Criteria: Fellowship will be advertised in news papers, social media and hospital/department website. CVs will be called and reviewed. Interviews will be conducted in person or online after shortlisting. Selected candidates will be asked to join at the informed time.
- 3) Duration of the Fellowship: 1 year
- 4) Number of Fellowships per year: 2
- 5) Stipend of the fellows: **1.0 lacs**
- 6) Month of Initiation: February/June
- 7) Research Expectation from fellow:
